

## Workshop in Number Theory

### *Collaborative Explorations and Developments in Arithmetic Research*

Organizer: A.C. Cojocaru (University of Illinois at Chicago)

**Abstract:** This is a workshop focused on the interplay between analytic number theory and arithmetic geometry, and aimed at fostering research collaborations among the participants.

*The workshop will take place between*

*May 14 - May 18, 2013.*

*More information may be found at*
