

Xin, Wang

*"If you would hit the mark, you must aim alittle above it:
Every arrow that flies feels the attraction of earth" - Henry
Wadsworth*

Education

- 2011–present **PHD, Statistics (expected 2016)**, *University of Illinois at Chicago, Chicago, IL.*
- 2007–2011 **BS, Mathematics**, *Nankai University, Tianjin, China.*
-2007-2008 Second Class Scholarship
-2008-2010 Third Class Scholarship

Experience

Research

- 2008 **National Innovation Experiment Program for University Students**, *Tianjin, China.*
- Research about linear model of economic characters of watermelon and create database of watermelon varieties based on models.
- Supervised by Yuan, Wen

Teaching

- 2011–present **Graduate Teaching Assistant**, *University of Illinois at Chicago.*
Supervised lab section of Calculus

Internship

- 2010 **Intern in Jinke Electronics Cooperation**, *Tianjin, China.*
Designed and debugged image processing program for electronical reader

Languages

- Chinese **Native Language**

Computer skills

- Math Packages Mathematica, Matlab, R Programming Languages Fortran, C++, Mysql+PHP

Other Interests

I also enjoy reading, ancient Chinese culture, music, and good food.
