

## Mathematics Education Colloquium

### *Student perceptions of MyMathLab in Developmental Courses*

Aida Alibek (UIC)

**Abstract:** We will discuss a paper by D.Holt, W.Holt & R.Lumadue "At Cross-Purposes with a Developmental Mathematics Course: Perceptions of Students on the Use of MyMathLab".

This is a discussion seminar, so although prior reading is recommended it is not required. Feel free to come and join the conversation! Everyone is welcome!
